

## **ETRAGE LLC Announces the Release of PSI - Plot Service for Pro/INTRALINK, Version 2.4.0**

**Waltham, MA – March 7, 2005** – Etrage LLC, The Engineering Automation Company, today announced the release of PSI – Plot Service for Pro/INTRALINK® version 2.4.0 with the following enhancements.

- Support for Pro/INTRALINK 3.4 and Wildfire 2.
- Support for Watermark insertion for drawing plots, PDFs and images.
- Support for processing drawings with embedded files, such as images or spreadsheet files, for PDF creation and printing.
- Support for diagram plotting and communication file creation
- The ability to designate the dependency settings (ALL, REQUIRED, NONE) for drawing and part and assembly processing.
- Command line support.
- Support for local or network printing with Microsoft Print Manager.

PSI provides designers, engineers and administrators an automatic means of plotting or exporting Pro/INTRALINK objects to communication file formats such as native Pro/ENGINEER, IGES, PDF, DXF, HPGL, and images files. PSI has three operating modes for creating plots or files. They are through a Web Access, Batch, or Automatic Monitoring of Pro/INTRALINK for objects promoted to an approved release level.

“We are continuing to enhance PSI’s capabilities based on customer requirements,” said Bojan Rapaic, founder and president of Etrage LLC. Ron Zabilski, director of sales and marketing continued, “Our customers are using PSI automated functionality to process a great deal of drawings, parts and assemblies for drawing control, visualization applications and data management systems.”

Visit the Etrage website at: [www.etrage.com/download\\_form.htm](http://www.etrage.com/download_form.htm) to request a download of a PSI evaluation file.

### **About Etrage LLC**

Etrage LLC, based in Waltham, MA, is a software development company that focuses on products and services in engineering/design automation and integration, manufacturing automation and data integration. Etrage’s services have been in the areas of automation, customization and integration of 3D solid modeling CAD and PDM systems. Etrage can be found on the web at [www.etrage.com](http://www.etrage.com).
