

ETRAGE LLC Upgrades to Gold in the PTC™ Partner Advantage™ Program

Waltham, MA – May 18, 2007 – ETRAGE LLC, the Engineering Automation Company, today announced that they have upgraded to the Gold level in the PTC Partner Advantage Program PTC a leading supplier of Product Lifecycle Management and Enterprise Content Management solutions, enables manufacturing services, publishing and government organizations to optimize the development of physical and information products.

For the past five years, ETRAGE has been providing services to joint customers and to the PTC Global Services organization for development of applications using Pro/TOOLKIT® for Pro/ENGINEER® and Pro/INTRALINK® TOOLKIT. ETRAGE has also developed several products that are a result of projects delivered directly to customers. To embrace the Gold partnership level, Etrage announces that development services for Windchill®, Pro/INTRALINK 8.0 and products such as PSI are now available.

“Etrage has been an outstanding partner with PTC, has demonstrated a willingness to work together to solve complex issues and has delivered on their promises with high quality solutions.” Jim Hampton, business development manager, PTC.,

“We are excited about upgrading the PTC partnership to the Gold tier, expanding the relationship with PTC and providing development services for Windchill and Pro/INTRALINK 8.0,” added Bojan Rapaic, Founder and President of ETRAGE LLC. Ron Zabilski, Director of Sales and Marketing continued “We felt it was time to move to the Gold level with PTC at the same time we are establishing our commitment to providing engineering automation and system integration services with Pro/ENGINEER Wildfire® 3.0, Windchill and Pro/INTRALINK 8.0.”
