

ETRAGE LLC Announces NxRev, Inc. as a Reseller of Products and Services

Waltham, MA – May 13, 2008 – Etrage LLC, The Engineering Automation Company, today announced that NxRev, Inc. of Santa Clara, CA has agreed to become a Value Added Reseller of Etrage's products and engineering automation services in California, Oregon, Washington, Nevada and British Columbia.

The agreement enables NxRev to resell PSI for Windchill® and the Pro/ENGINEER® Model Clean-up Utilities (MCU). PSI for Windchill provides batch plotting and publishing of drawings to a number of industry standard formats such as PDF, TIFF and DXF. MCU provides batch clean-up of Pro/ENGINEER models prior to migrating to Windchill. In addition, NxRev will collaborate in providing engineering automation services for Pro/ENGINEER, Windchill® PDMLink® and Pro/TOOLKIT® applications.

"NxRev has an excellent reputation in providing PTC products and services to the customers in their area," stated Ron Zabilski, Etrage director of sales. "Their understanding of their customer's needs and to provide them with the best-in-class products and services fits well with Etrage's values."

"Etrage's development experience with the PTC products provides our customers with a clear advantage with Pro/TOOLKIT engineering automation projects and data management products," said Scott Carmichael, NxRev Chief Technology Officer. "Etrage complements the existing products and services that we currently represent."
