

## **ETRAGE LLC Announces Boundary Systems as a Reseller of Products and Services**

**Waltham, MA – December 5, 2008** – Etrage LLC, The Engineering Automation Company, today announced that Boundary Systems of Cleveland, OH has agreed to become a Value Added Reseller of Etrage's Windchill® and Pro/ENGINEER® Wildfire® products and engineering automation services in Ohio, Pennsylvania, Indiana, Michigan, Kentucky and Illinois.

The agreement enables Boundary Systems to resell Plot Service for Windchill (PSW) and the Pro/ENGINEER Model Clean-up Utilities (MCU). PSW performs automatic plotting and publishing of drawings, parts and assemblies to a number of industry standard formats such as PDF, TIFF, DXF ProductView, JT, IGES, STEP and STL. MCU provides batch clean-up of Pro/ENGINEER models prior to migrating to Windchill.

In addition, Boundary Systems will collaborate with Etrage in providing customers engineering automation services for Pro/ENGINEER, Windchill® PDMLink® and Pro/TOOLKIT® applications.

“Boundary Systems has an excellent reputation in providing PTC products and services to the customers in their territory,” stated Ron Zabilski, Etrage director of sales. “Their understanding of their customer’s needs and to provide them with the best-in-class products and services fits well with Etrage’s values.”

“It will be exciting to work with Etrage,” said Ian Kimbrell, Boundary Systems President. “Etrage is unique in the industry in their ability to take a basic request for custom development services and respond with costs, pricing, and requirements in such a timely manner.”
